Tahoe Environmental  
Research Center

# Clear Lake Technical Subcommittee

January 28<sup>th</sup>, 2021

<https://terc-clearlake.wixsite.com/cldashboard>

# Watershed Monitoring

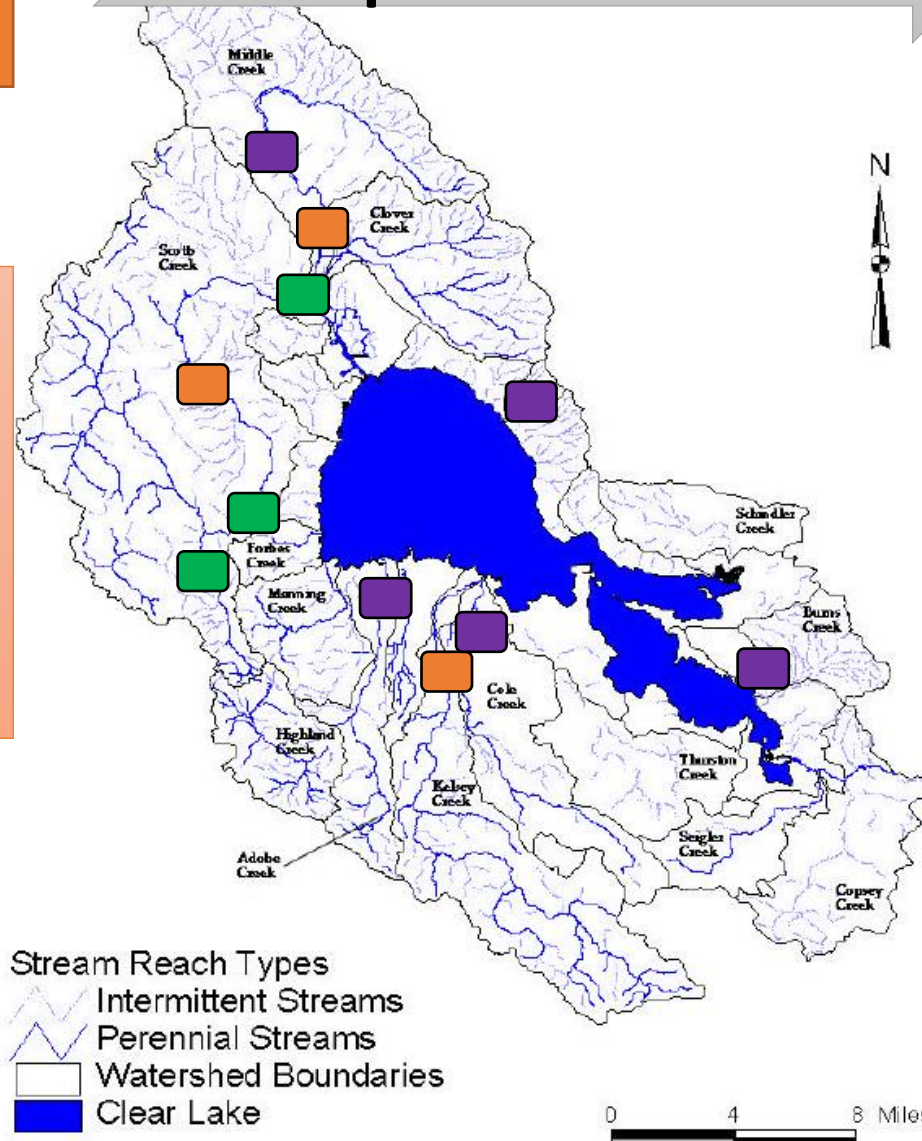

Measurement of  
Flow, Nutrients and  
Sediment in **Some**  
**Streams** of the  
Watershed

- Existing station
- New station
- Proposed station

Required to run ...

# Watershed Modeling

Reproduce  
Flow, Nutrients and  
Sediment in **All Streams** and  
from entire  
Watershed

# Lake Monitoring

Required to run ...

# Lake Modeling

Measurement of Lake Temperature, DO, nutrients in Some Locations in the Lake

Reproduce Lake Temperature, DO, nutrients in All Locations in the Lake at past, present and future times

**Watershed  
Monitoring**

**Required  
to run**

**Watershed  
Modeling**

**Required  
to run**

**Lake  
Monitoring**

**Required  
to run**

**Lake  
Modeling**

- **Lake Management**
- **Climate Change Scenarios**
- **Restoration Strategies**

# 3-D Hydrodynamic Lake Model

# 3-D Biogeochemical Lake Model
